Biography

Christina Loren Clement also known as Rev Dr and HH Empress Queen Christina Clement, is a humanitarian researcher, author, institutional architect, and public-benefit executive who fixed broken systems in America by identifying longstanding constitutional, economic, legal, and representational failures and building completed frameworks to address them. She is the founder and architect of the Loc Nation Dollar (LND), the official Black dollar created to advance restitution, economic participation, and institutional support for historically redlined, underfunded, and underrepresented communities. She is the Founder and President of State of Loc Nation Global Public Benefit Corporation, founder of SOLN Central Bank, a registered federal lobbyist, and the architect of the State of Loc Nation Restitution Framework, SOLN Restitution Act, Global Accountability Acts, majority-protection laws, community-governance systems, and LND financial infrastructure. Her research addresses the continuing effects of the transatlantic kidnapping and genocide, redlining, constitutional incompletion, economic exclusion, institutional accountability, cultural preservation, and humanitarian development. She is the author of the Revealed Kingdom of Locs series, a nationally and internationally presented speaker, a StoryCorps archival contributor, and a 2024 candidate for President of the United States and 2026 candidate for the United States Senate.
